RE: Requesting an extension for civil action# :
7:19CV00863

DEAR CLERK OF COURT,

I hope this letter finds you well. I TRAVIS WAYNE TOLLEY received the notice pursuant to - DOCKET 33# "motion to dismiss" from defendant Greg Gardner. I respectfully request the UNITED STATES DISTRICT COURT to give me, a pro-se-plaintiff, an extension as I am in the process of retrieving further affidavits and relevant evidence I would like to include before summary judgement.

I am also in the process of amending the original complaint to properly file claims that were dismissed "without prejudice."

I hope the UNITED STATES DISTRICT COURT grants me the most reasonable extension the court sees fit on - DOCKET 33# "motion to dismiss" rebuttal, a chance to refile my initial complaint, and any other rebuttals

I may be Filing for any remaining defendants before summary judgement if and when that time comes assuming any other remaining defendants also submit "motions to dismiss" before summary judgement.

I ask the UNITED STATES DISTRICT COURT, to review my plea for an extension liberally as I am an incarcerated pro-se litigant currently. I am exploring avenues to possibly retain counsel for this case in the future but choose to remain "pro-se" at this time.

Please allow me the most time possible to retrieve affidavits, relevant evidence, and allow me to properly get my court affairs in order so fair justice may take place at summary judgement in civil action #: 7:19CV00863

THANKYOU FOR YOUR TIME AND CONSIDERATION IN THIS MATTER

WITH WARM REGARDS,

TRAVIS WAYNE TOLLEY
